

The background of the entire page is a light cream or off-white color. It is decorated with several large, dark green, organic shapes that resemble stylized leaves or petals. These shapes are arranged in a somewhat symmetrical, radial pattern around the central text. The shapes have a slightly textured appearance, with fine lines and variations in tone within the green. A solid dark green horizontal band runs across the middle of the page, serving as a background for the title text.

FOREWORD

We, the 1968-1969 annual staff present this yearbook, "The Elk" to you, as a remembrance of "That Wonderful Year."

It is our sincere wish that this yearbook will leave each one of you with fond memories which will long be remembered and cherished in the years to come.

We wish to take this opportunity to thank our faculty and administration for their untiring efforts, for without them "That Wonderful Year" would have been an impossibility. We hope too, that they will remember us as a fine student body and will have only pleasant memories of P.H.S. as a whole.

We sincerely hope that the trying times and hard work involved in this last year will not be forgotten either, for our success in the future reflects largely on what we have done in the past. For that reason it is imperative that we prepare ourselves for that phase of our life by working diligently throughout High School.

Hence, we present this yearbook to the students, faculty, and administration, and all others involved in making this year what it was. A year we hope all will remember as "That Wonderful Year."

We, the 1968-69 Elk Staff dedicate "That Wonderful Year" to our principal, Mr. Tony Serna. In dedicating this yearbook to Mr. Serna, we wish to thank him for his guidance and leadership during the year, for they served as an incentive to all of us here at P.H. S.

Mr. Serna was born on September 25, 1927 in Rincon, New Mexico. His early schooling was obtained from Hatch Union Schools. He was graduated from Hatch Union High School in 1947. Upon finishing High School he entered college at Highlands University in Las Vegas, New Mexico, receiving his Bachelor's degree in 1951, and his Master's degree in 1956.

Having served as principal in Chama, New Mexico; Rowe, New Mexico; and West Las Vegas, New Mexico, Mr. Serna is well-acquainted with the job and is experienced in the roll of principal.
